Precinct 2  
Jackson Police Department  
327 E. Pascagoula St.  
Jackson, MS 39205

Dear Officer Washington:

Please be advised that on four different occasions, comments that you have made relative to me and my family have been brought to my attention.

I want to make it clear and in writing that if this continues, I will have no alternative but to take serious legal steps against you personally and as an officer of the law.

I also want to state clearly, that I have never used or caused to be used, distributed or caused to be distributed any form of narcotics in my life.

After having stated this, I want to assure you that I will take legal action against you for making such false allegations.

Finally, all of your conversations relative to this matter have been reported to both Federal Authorities and officials of the Jackson Police Department.

Regards

Frank E. Melton
